

T8650 Vehicle and Forklift Dock

Use the vibration-resistant dock to securely mount your xTablet T8650 rugged tablet in a vehicle or forklift. The durable dock features an easy-to-use latch which prevents the tablet from enduring excessive vibrations while the vehicle is in motion.

Additionally, the T8650 dock has the following ports:

- USB 3.0 (4)
- RS232 (2)
- VGA (1)
- Audio - Speaker & Mic
- Ethernet (1)
- DisplayPort (1)
- HDMI (1)

Attach a keyboard, printer, barcode scanner and more. All peripherals and accessories are sold separately.

Various mounting kits are available depending on how it'll be installed and the type of vehicle it is going in to. Please consult a MobileDemand sales rep.

Forklift mounting kits are also available and can be selected on the next screen after "Add to Cart".
