# Build

Quickly program up to six Digi XBee devices at once, or connect multiple Digi XBee Multi Programmer devices to the PC to scale up production.

## Digi XBee Multi Programmer

Rapidly configure multiple Digi XBee modules prior to deployment

- Programs up to six Digi XBee modules simultaneously
- Multiple Digi XBee Multi Programmers can be connected to the PC to increase the number of modules programmed at one time
- All Digi XBee form factors are supported with interchangeable header boards
- Operators can export programming session logs or save them in a database
- Automatic application updates keep the software up-to-date with the latest software version
- Users can access comprehensive online documentation directly from the application
