### Overview Description

The next generation rugged Surface Go case is now Microsoft Designed for Surface® (DfS) Certified and has been redesigned with a new bottom Snap Wall. When attached the bottom wall provides full protection; when removed you can add a type cover keyboard instantly turning your Surface device into a 2-in-1 laptop or PC. The shock-absorbing rubber bumpers and rigid shell are designed to fit securely around the tablet and provide superior protection to your mobile Microsoft Surface® Go device. Strengthen your bundle with a pre-applied screen protector. The Surface Go case provides superior protection for anyone working in rugged industries that will support productivity enhancement options to make your mobile workforce more efficient.

Standard rugged bundle includes:

- Case with Snap Wall
- Back Hand Strap
- Briefcase Handle
- Snap Mount Plate
- Type Cover Loop
- Protective Port Covers
- Microsoft Surface Go 3 Device with Windows 11 Pro
- Screen Protector (choose from regular or anti-glare)

### Overview Description

#### Leave it to the rugged tablet experts

Applying a screen protector or rugged Surface case is difficult; the cases are tight-fitting and screen protectors commonly attract dust and bubbles under the screen. The scrap rate for screen protectors can exceed 15% when done improperly. Leave it to the installation experts at MobileDemand to apply the bundles in a dust-controlled environment for a damage- and frustration-free experience.

The Surface Go bundle offered by MobileDemand includes the Surface Go laptop/tablet with Windows 11 Pro, a protective rugged case and screen protector pre-applied by experts in a dust-controlled environment. The rugged case is easy to carry with multiple options and includes protected ports and rubber corner bumpers for added shock absorption. The bundle is also compatible with an optional fully adjustable easel.

#### Surface Go tablet/laptop specifications

- Transforms from Laptop to Tablet mode
- Intel® Pentium® Gold Processor 4425Y or 8th Gen Intel® Core m3 Processors
- High resolution PixelSense™ touchscreen
- Surface Go Type Cover and Surface Pen sold separately

#### A wise case for protection

Microsoft Designed for Surface certified, the next generation Surface Go case, is designed for peace of mind investment protection. The case will support productivity enhancing add-ons that can turn your Surface Go into a PC, a barcode scanner, a MSR, a PCI-compliant payment module or a 3D camera. The back hand strap and briefcase handle attachment, make the Surface Go tablet easy to carry, ideal for anyone in industries such as, retail, healthcare, logistics, field service & sales, entertainment management, food & beverage distribution, manufacturing, or supply chain.

Engineered for enterprise productivity, the MobileDemand Rugged xCase for Surface Go is made to fit the Microsoft Surface Go, Go 2 and Go 3. Improvements to the shock absorbing rubber corner bumpers, enhances a structurally rigid shell will support additional productivity enhancements, like chip & pin payment modules, magnetic stripe readers, barcode scanning or 3D camera technology. The newly designed bottom Snap Wall allows for type cover attachment.
